(Please feel free to call with any questions)

Check www.oarspotter.com for colors and design.

Are color and design acceptable? Yes ___ No ___

If "No", use blade drawing to indicate your preference.

_____ School/Club

Engraving Order

When composing engravings; please take into consideration the shape of the trophy. Long, narrow plaques (BOP, BP, MOP & DB) can use a long, narrow plate and accommodate a long message if desired.

Shorter trophies (M2T, MXR, MBP & MDB) require shorter messages. Note: the M2T is limited in length to 2 inches. For typical plate sizes and shapes refer to the photos on the website.

Please lay out your design and wording as you would like it to appear. We will be happy to advise you if you need an opinion or if your design will not fit the trophy. Use large, clear print that the engraver read easily.
